

Knitting bag

12 inches wide x 13 inches high

5 mm needles

2 colours of yarn – about 100g of each – I used Rowan Summer Tweed as the main colour & Rowan bamboo tape as the secondary colour.

Make two pieces:

With 5mm needles and main colour cast on 59 stitches.

With secondary colour:

1. (right side) knit 1, *slip 1, knit 1, repeat from * to end.
2. Purl

With main colour:

1. Knit 2, *slip 1, knit 1, repeat from * to last stitch, knit 1
2. Purl

Continue in this manner until the work measures 11 inches or the size you want. Finish on the second row of the secondary colour.

Change to main colour and work 11 rows of knit 1, purl 1 rib.
Cast off in rib

Join the two pieces together leaving about 3 inches of the patterned part unstitched. Thread the ribbed part through a bought handle and stitch in place.
